That party from Buffalo N.Y. just returned the last proofs and stated in his letter that he would not buy them until they were completed and if I would keep them until then he would take them or he would give me $85.00 now and the ba. when they were complete. This is the second time he has fooled me that way. So I returned them to you today. as I did not want to hold them. Now return your hand at once and let me know. and he will take them. He is very funny but personally good.

I will take up that note the first of the month. and by that time I will want some more coin. at present I have a fair stock I am sorry there has been so much trouble. but trust this will be all right.
